

Volunteer Foundations: Volunteer Toolkit Basics

The Volunteer Toolkit (VTK) is an online tool that makes it easy for troop leaders to plan meetings.

Add plans for girls to complete badges and journeys to the Year Plan. Trips, celebrations, and events can also be added to the Year Plan.

Individual meeting plans can be viewed and modified for each specific lesson. The plan is fully customizable - you can change and add features to meetings, such as adding extra time for a guest speaker or budgeting extra cleanup time.
