

Volunteer Foundations: Badge Explorer

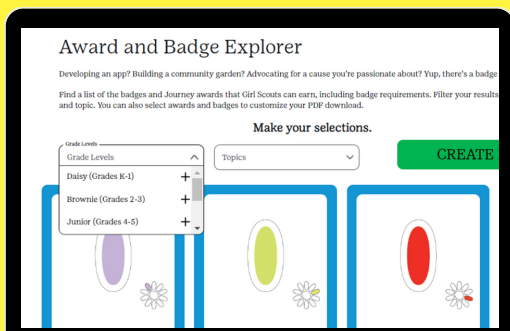

The Badge Explorer can be accessed from any computer, tablet or smartphone.

1. Go to girlscouts.org
2. Go to the Members menu and select “Badges, Journeys, and Awards”.
3. Scroll to the section that says **BADGES**.

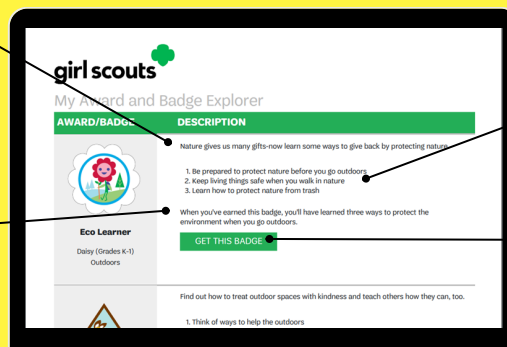

The Badge Explorer is a way to search through the different badges available for girls in each level.

Select your grade level(s) and any topics you want to cover. You can narrow your selection and really make sure to pick what is best for your situation. Once you have your selections, you create a PDF that goes over the requirements of each badge.

Explains the purpose of the badge.

Describes what it will look like when the girls have completed the badge.

Gives list of exact requirements for each badge.

Includes a link to purchase the badge from the online shop.

It's all about keeping things girl-led! You can print off some sheets in advance to let the girls look through at the meeting.

Or, you could pull it up on your own device during the meeting and search through the options right there, together!
