# WELCOME!

Hello!

We're so glad that you've registered your girl(s) for Camp Here and There, our second virtual campout sponsored by Girl Scouts of Northern Indiana-Michiana. If you're already a GSNI-M member, we hope you'll enjoy this camp experience with some familiar Girl Experiences leaders: Coral & Sunny!

This program will be coming to you via Facebook Live on the GSNI-M Facebook page, and there will be plenty of opportunities for interaction! This packet is full of how-tos, recipes, and activity suggestions so you can plan ahead and have everything you'll need for the big night. The event will include several Facebook Live segments, with free time in between during which girls can have dinner and dessert, do activities, sing songs, and spend time around the fire with their family. There is a schedule included in this packet so you don't miss out on any of the opportunities for campout excitement!

For current members who would like to continue the fun, now's the perfect time to renew your membership. When you're ready, [visit our website](#) to extend your membership and guarantee your Girl Scout another year of adventure, exploration, and camaraderie.

If you're a Girl Scout with another council, we'd like to extend a great big Midwest welcome! We hope that through Camp Here and There, we live up to our promise to "be a sister to every Girl Scout."

Finally, if you are not currently a Girl Scout, but have such a good time at Camp Here and There that you'd like to join, we'd love to welcome you into our fold. We're confident that your girl will benefit from the myriad of leadership, learning, and enrichment opportunities that Girl Scouting has to offer. Learn more [here](#).

# INTRODUCTION

We're so glad you'll be joining us for Camp Here and There. This will be a campout girls will not soon forget! Here is the schedule for the afternoon and evening. We want to reassure you that the girls will not be in front of a screen for the entire four hours!

Three live sessions (via the Girl Scouts of Northern Indiana-Michiana Facebook page, [facebook.com/GSNIM/](https://facebook.com/GSNIM/)) will be included, and in between these, girls will have time to make and enjoy dinner, create a tasty dessert, do a few activities, and sing some traditional camp songs. To get the most out of the campout, we highly encourage interaction as the girls participate in the evening's fun. We would love to see photos and videos of the girls building their forts or putting up their tents, making dinner, sampling dessert, and creating their own fun during the in-between times!

We're here and you're there, but we'll all be enjoying the best parts of camp together.

# SETTING UP CAMP

**Welcome to Camp Here and There! Now first things first: We need to create an awesome place to spend the night. Will you camp out in a blanket fortress in your living room or will you brave the wild of your backyard? Wherever you choose, please make sure to share photos of your awesome accommodations on our GSNI-M Facebook page! Below (and in videos you'll find on GSNI-M's Facebook page on August 29<sup>th</sup>!) we'll show just a few ways to create your own campsite. We encourage you to build your space in whatever method and style inspires you. Have fun, be creative, and let's get started!**

## **Option #1: The Backyard Base**

Does your family have a tent? Awesome! Grab your grown-up and help set up camp in your yard. In addition to your tent, you'll want to grab a few other supplies, which may include:

- Sleeping bag
- Pillow
- Flashlight or lantern
- Bug spray
- Your favorite stuffed animal
- And some entertainment & snacks!

The steps to set-up your tent are:

1. Lay out your tent in an open area.
2. Assemble your tent poles.
3. Attach your tent poles to your tent.
4. Put the tent poles through the grommets at the corners of the base of your tent.
5. Secure the tent to the ground with stakes.

## Option #2: The Living Room Blanket Fort

No tent? No problem! You can set up a comfy and cozy space in your house with just a few simple supplies. To make a blanket fort in your living room, bedroom, or basement, we recommend you gather up some materials such as:

- Sheets and blankets
- Sleeping bag
- Pillows
- Objects to hold blankets and sheets together, like clothespins, binder clips, tape, rubber bands, thumbtacks, string, or rope
- Objects to help with the structure of your tent, like wooden dowels, yardsticks, brooms, plastic tubes, or mops
- Books or other similar items to help weigh down your sheets and blankets
- And for extra fun, maybe some festive lights, stuffed animals, board games, books, and snacks!

### Simple Fort

Look around your room and think of the ways that you can use your environment to help you with the structure of your fort. You can make a simple structure against a wall by simply using thumbtacks to stick your sheet to the wall (please get permission from your adult(s) before doing this step!) Then you'll just need to weigh down the other side of your sheet with something like a few heavy books or a piece of furniture. I just used a chair and draped the sheet over it. Then load up your fort with some blankets, pillows, a sleeping bag, snacks and some games!

### Bigger Fort!

You could also try to build a larger, more elaborate blanket fort. First, ask your grownup if you can commandeer your couch and living room! Then you'll need to outline your space by building your fort around your couch.

Grab a few chairs and drape blankets over them. On the inside of your fort, lay down lots of blankets, maybe use your couch cushions and some pillows for comfy walls, and then drape some blankets or sheets across the chairs.

You can add some height to your fort by sticking

some yardsticks or a broom in between your couch, then draping sheets over the top. To make your fort even cozier, hang some festive lights, grab your favorite stuffed animal and snacks, and enjoy! 😊

# DINNER RECIPES

**Do you have a favorite dinner or dessert recipe to cook over a fire, grill, or stove? Have fun with your family and try a new recipe! Don't forget to share your family dinner with all your fellow campers in the comment section of our Facebook Live post. Enjoy!**

## Make a Wind Chime

There are lots of different wind chimes you can make, either with items you find outside in your backyard or laying around waiting to be thrown away or recycled inside your house! Grab some supplies and join Sunny as she walks you through creating your very own wind chime!

### Supplies:

- Sticks
- Pinecones
- String or yarn
- Beads
- Hanger
- Recycled items (plastic lids, bottle caps, tin cans, old CDs, cardboard tubes, old buttons, keys etc)
- Scissors
- Hammer and nail
- Decorating supplies (paint, paintbrushes, markers, feathers, glitter, colorful tape, etc)
- Any other materials you can think of!

### Directions:

1. First, you'll want to hunt down items you can use for your wind chime. You'll want to find items that can be easily moved in the wind if they're hanging from string. Above are some suggested items, but be creative and use whatever you can find in your backyard or around the house! Keep in mind not to use anything breakable—blustery days could ruin your wind chime!
2. You'll also need something as the top of your wind chime. This could be a round plastic lid from an old container, an old CD, an embroidery hoop, or a hanger.
3. Depending on what the material your top of your wind chime is, find a way to attach string to the top, whether you need to puncture holes in it (**carefully** and with an adults help!!) or if you can simply tie the string to it, like with a hanger. You'll also want to attach a piece of string to the top so you can hang your wind chime when it's finished!
4. Then attach your various items to your string! You can string on beads or buttons, poke holes in old bottle caps, paint sticks and tie them on—whatever you can think of!
5. Be creative, use your imagination, and have fun with this one!
6. Once you've finished your wind chime, find the perfect spot to hang it outside your home. Snag a picture and post it on our GSNI-M Facebook post!

## Owl Craft

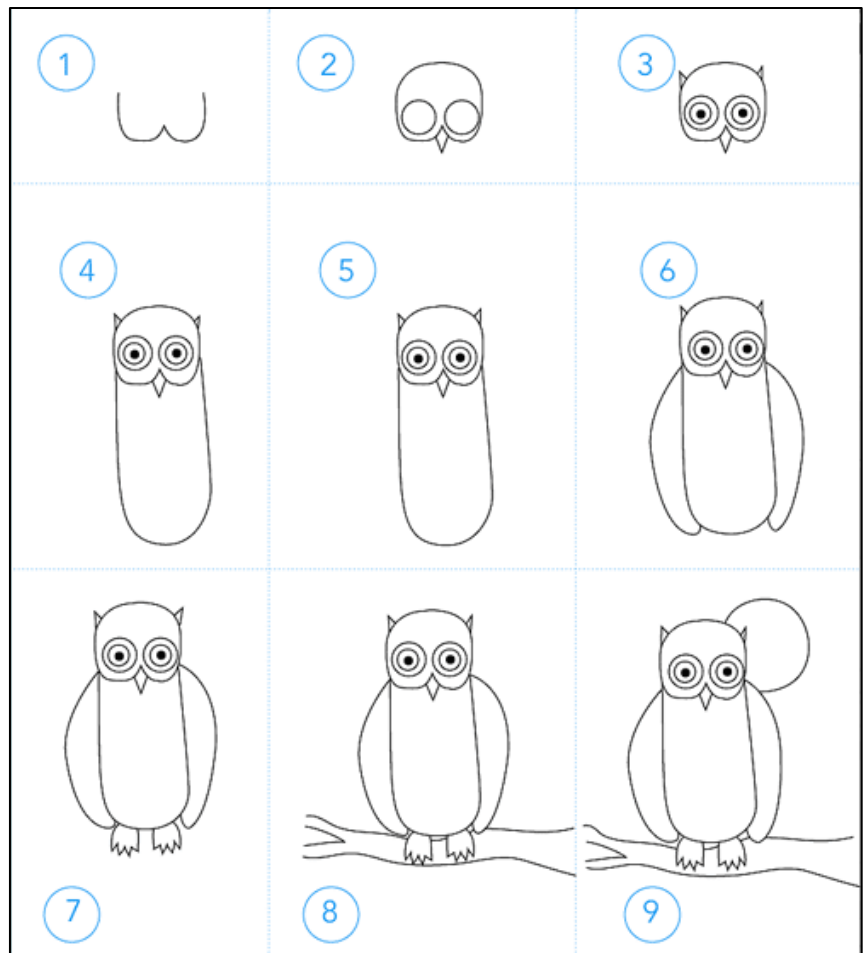

Bring these supplies with you to the 8pm EDT Facebook Live session and join us while we make a picture of an owl!

### Supplies:

- 1 sheet of black or blue construction paper
- Scraps of browns, whites, grays and black paper for the owl
- Bowl for paper scraps
- Bits of green, orange or yellow paper for the eyes, beak, and feet (optional!)
- Glue stick
- Scissors
- White crayon or pencil for drawing the outline

### Directions:

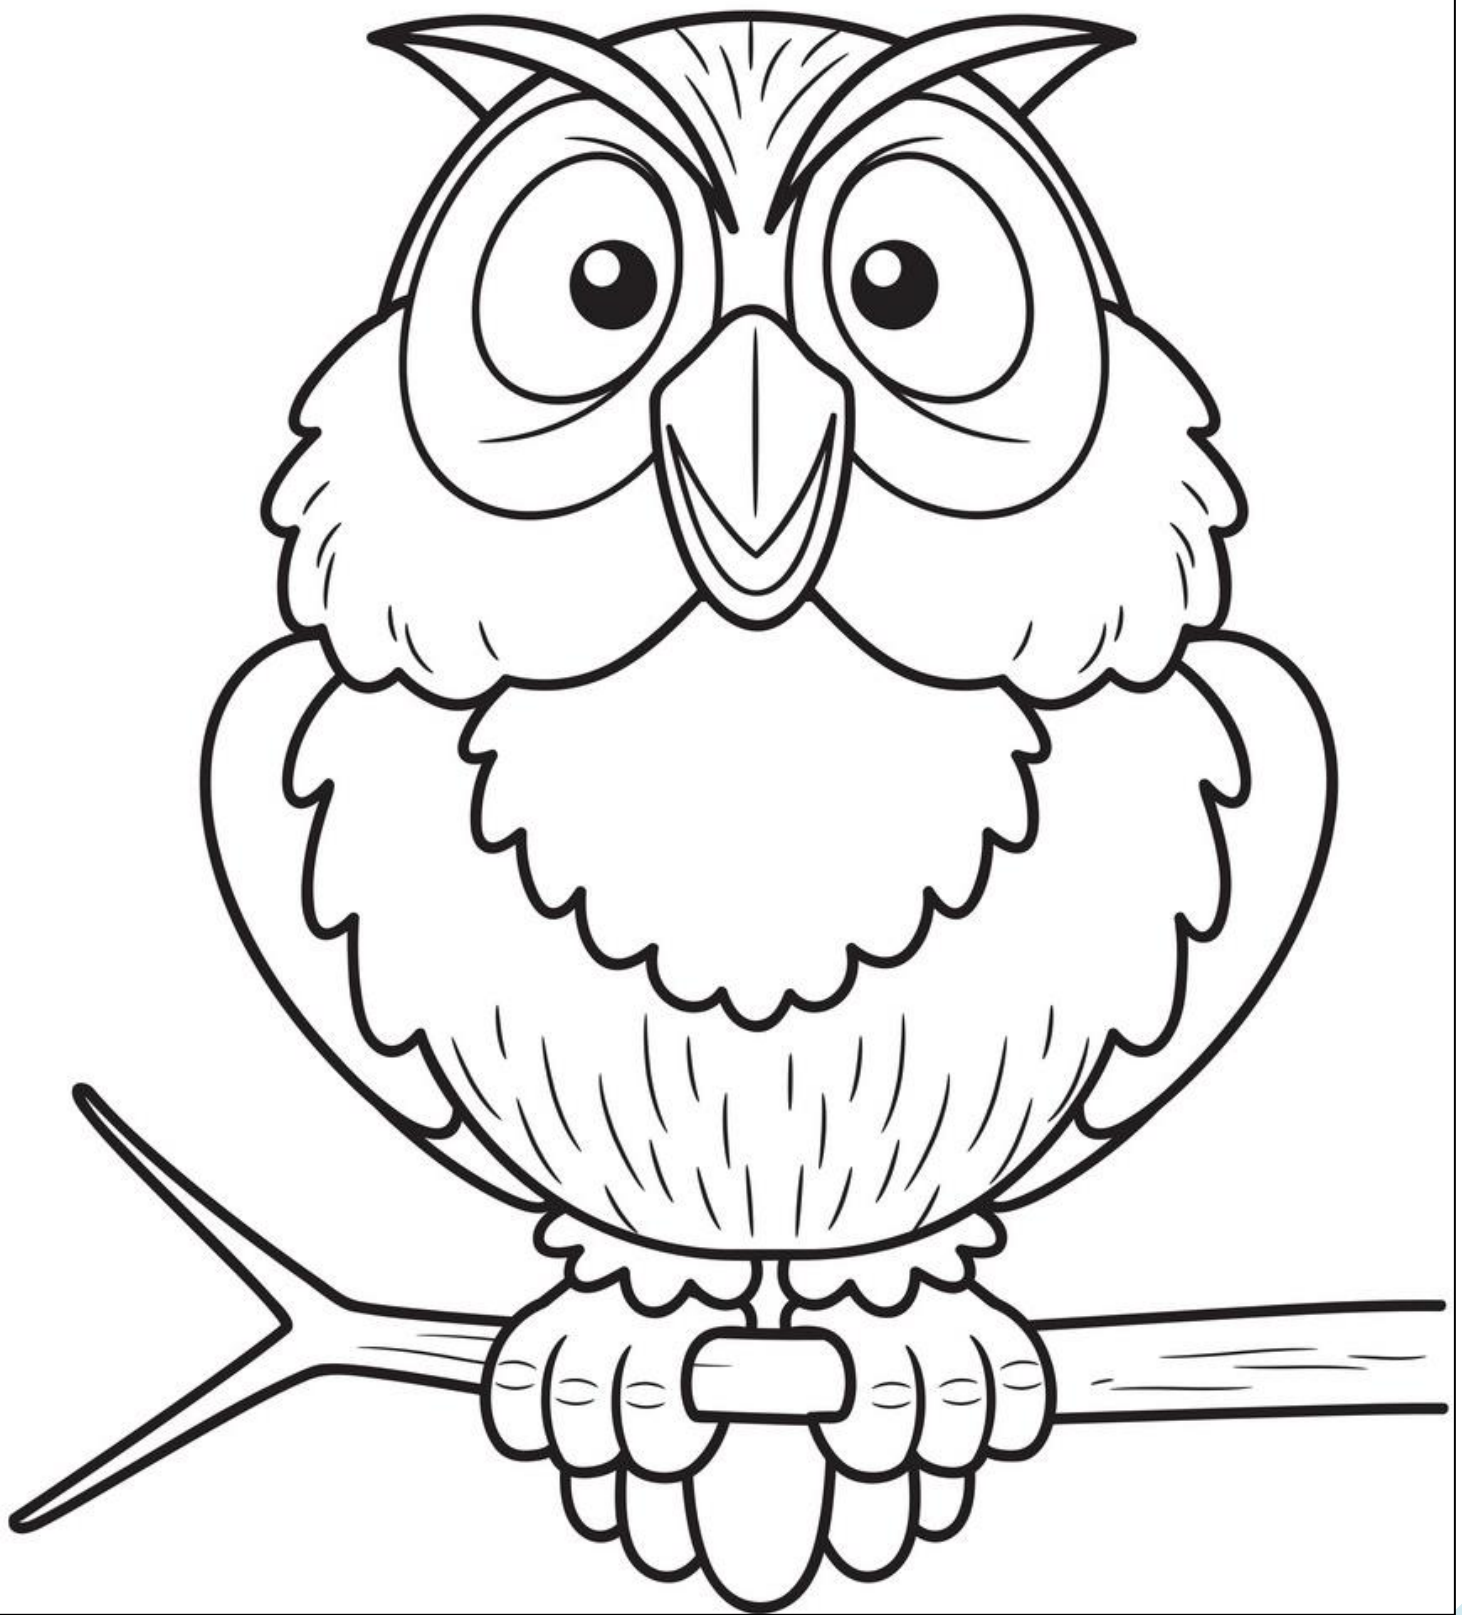

1. First, on your black or blue piece of construction paper, use your pencil or white crayon to draw an owl. You can either use this guide here, use your own imagination, or you can cut out the outline on the next page and trace around it onto your construction paper.
2. If you'd like, use your crayon to draw in some stars for your background!
3. After you have your owl outline ("owline" if you will.... 😊) grab a bowl and sheets of brown, black, white, and gray construction paper.
4. Tear your paper into long strips then into small squares. Collect your paper scraps in your bowl. These paper scraps will be your owl's "feathers"!
5. Once you have a nice amount of scraps for your feathers, start with your owl's face. Apply a small amount of glue and then apply your feathers before your glue dries. Go ahead and cover up the area where your owl's eyes are—we can add those in later!

6. When it's time for adding in your eyes and beak, grab your scissors and cut out large white circles. Then you'll want to cut out some smaller yellow, green, or orange circles to go inside the white circles for your owl's eyes.
7. Cut out a triangle out of your yellow or orange paper for a beak for your owl.
8. When you move on to doing your owl's wings and belly feathers, try to use some different colors so they don't blend together. You want to be able to tell where her feathers and chest/tummy area are!
9. After you've filled in all of your owl's face, wings, and chest/belly feathers, you can use your yellow or orange paper to make her feet (if you'd like to include those!) You can use the paper tearing method, or just cut out foot-shaped pieces and glue them on.
10. Feel free to add a moon into your background, a branch for your owl to perch on, or any other elements to your picture.
11. Display your artwork proudly. Good job! 😊

# Extra Activities for You to Enjoy on Your Own!

## Campfire Story Stones

By Crafts on Sea Blog

### Supplies:

- Flat rocks
- Paint brushes
- Newspaper or table cloth
- Bowl of water

### Directions:

1. Wash off flat rocks and make sure that the rocks are completely dry.
2. Draw or paint one picture on each rock.
3. Since we are camping, think of items that you might take with you camping or items in nature.
  - a. Examples: Tent, tree, an owl, a campfire, some stars, the moon, the sun, or a bat.
4. Allow time to dry.

## Citrus Bird Feeder

By Mama. Papa. Bubba Blog

### Supplies:

- Rinds (Oranges & lemons)
- Pushpin
- Embroidery needle
- Twine
- ½ cup Wild Bird Variety Bird Seed
- 1 tablespoon peanut butter

### Directions for Citrus Cup:

1. Take one half of an orange or lemon rind. This will be your citrus cup!
2. Once your needle is threaded, tie a knot at the end. Push your embroidery needle through one side of your citrus cup. Keep pushing until you go through the other side. Bring slack to the middle so that you can hang your citrus cup. Now go to another hole and bring the needle with twine through and repeat step 1.
3. Pull slack of second string up to meet the first slack. Tie knot on outside of citrus cup.

### Directions for making Bird Seed:

1. Take ½ cup wild bird variety bird seed and mix in a tablespoon of peanut butter.
2. Take a spoon and mix the two together. Scoop your mixture into your citrus cup.

Now, pick the perfect tree and hang your citrus bird feeder up! Can you identify what birds visit your bird feeder?

## Echolocation Game

### Supplies:

- Blindfold
- An open area
- Family members to play with!

### Directions:

1. Did you know that bats use their ears to help them “see” their environment? Bats make noises and listen carefully to the echoes to determine where an object is located. Bats and other animals, like dolphins, use this skill called “Echolocation” to help find food and navigate their surroundings.
2. Assign yourself or one of your family members to be the bat. The person who is the bat will put on the blindfold. No peeking! 😊
3. Now the rest of your family members are insects. Insects should quietly spread out around the bat.
4. When the bat is ready, clap once! Family members should clap back and the bat has to try and guess where people are standing based on their sounds.
5. Can the bat correctly locate where the sound is coming from?
6. Take turns being the bat and see how well you can “see” with your ears!

# Camp Here and There Songbook

## 40 Years on an Iceberg

*Each time you sing it you make one line silent until the very last round.*

40 years on an ice berg  
Ove the ocean wide  
Nothin' to wear but jammies  
Nothing to do besides  
The air was cold and frosty  
The frost began to bite  
I had to hug a polar bear  
To keep me warm at night.  
Oh.

## Beaver Song

Beaver One, Beaver all,  
Let's all do the Beaver crawl.  
Ch...ch..chhh...ch.ch..ch'chhh.  
Ch...ch..chhh...ch.ch..ch'chhh.  
*(move hands like crawling in grass)*

Beaver two, Beaver three,  
Let's all climb the Beaver tree.  
Ch...ch..chhh...ch.ch..ch'chhh.  
Ch...ch..chhh...ch.ch..ch'chhh.  
*(move hands like climbing a tree)*

Beaver four, Beaver five,  
Let's all do the Beaver jive.  
Ch...ch..chhh...ch.ch..ch'chhh.  
Ch...ch..chhh...ch.ch..ch'chhh.  
*(move hands like dancing disco)*

Beaver six, Beaver seven,  
Let's all go to Beaver Heaven.  
Ch...ch..chhh...ch.ch..ch'chhh.  
Ch...ch..chhh...ch.ch..ch'chhh.  
*(move hands like flying wings)*

Beaver eight, Beaver nine,  
STOP...it's Beaver Time.  
*(put your stop hand up)*  
Go Beavers, go beavers, go go go beavers!

## Brownie Smile

I've got something in my pocket,  
It belongs across my face.  
I keep it very close to me,  
In a most convenient place.  
I'm sure you couldn't guess it  
If you guessed for a long, long while.  
So I'll take it out and put it on,  
It's a Great Big Brownie Smile!

## On My Honor

*Chorus:*  
On my honor, I will try.  
There's a duty to be done and I say "aye".  
There's a reason here and a reason above.  
My honor is to try and my duty is to love.

People don't need to know my name.  
If I've done any harm, then I'm to blame.  
If I've helped another, then I've helped me.  
And I've opened up my eye to see.

*Chorus:*

I've tucked away a song or two.  
If you're feeling low, there's one for you.  
If you need a friend, then I will come.  
And there's many more where I come from.

*Chorus:*

Come with me where the fire burns bright,  
We can even see better by the candle's light.  
And we'll find more meaning in a campfire's  
glow,  
Than we've ever learned in a year or so.

*Chorus:*

We've made a promise to always keep.  
And we pray night falls before we sleep.  
We'll be Girl Scouts together and when we're  
gone,  
We'll still be trying and a-singing this song.

**Princess Pat** (A repeat-after-me song)

The Princess Pat,  
Light infantry  
She sailed across  
The seven seas

She sailed across  
The channel too  
And she took with her  
A rick-a-dan-doo

A rick-a-dan-doo,  
Now what is that?  
It's something made  
By the Princess Pat

It's red and gold  
And purple too  
That's why it's called  
A rick-a-dan-doo

A rick-a-dan-doo,

Now what is that?  
It's something made  
By the Princess Pat  
Now Captain Jack,  
Had a mighty fine crew  
He sailed across  
The channel too

But his ship sank  
And yours will too  
If you don't take  
A rick-a-dan-doo

A rick-a-dan-doo,  
Now what is that?  
It's something made  
By the Princess Pat  
It's red and gold  
And purple too  
That's why it's called  
A rick-a-dan-doo

**Chicago Fire**

\*FIVE\* nights ago, while we were all in bed:  
Dun Dun Dun:  
Old Lady Lerry left her lantern in the shed:  
And when the cow kicked it over, she winked  
Her eye and said:  
"It'll be a hot time in the old town tonight."

Fire, fire, fire:  
Pour on water, pour on water  
Save my baby, save my baby  
Jump lady Jump  
Splat  
\*Four, three, two, one\*

## The Littlest Worm (A repeat-after-me song)

The littlest worm I ever saw  
Got stuck inside my soda straw!  
He said to me, "Don't take a sip  
For if you do, I'll surely flip!"  
I took a sip and he went down  
All through my pipes--he surely drown!  
He was my pal. He was my friend.  
But now he's gone. And that's the end!

## Little Red Wagon

You can't ride in my little red wagon:  
The front seat's broken and the axel's draggin':  
A chugga, a chugga, a chugga chugga chugga  
Next verse, same as the first: But a whole lot  
louder and a whole lot worse!

## Herman the Worm

Sittin' on my fence post, chewin' my bubble

SMACK SMACK SMACK:  
Playin' with my yoyo:  
Woo Woo Woo:  
When along came Herman the Worm and he  
was Thiss big:  
And I said "Herman what happened?"  
And he said "I ate my (sister, brother, mom, dad,  
grandma, grandpa)."

Last Verse:  
Sittin' on my fence post, chewin' my bubble

SMACK SMACK SMACK:  
Playin' with my yoyo:

When along came Herman the Worm and he  
was Thiss big:  
And I said "Herman what happened?"  
And he said "I burped."

## A Boy and a Girl

A boy and a girl, in a little canoe;  
With the moon shining all around.  
They paddled and they paddled  
for miles and miles;  
Couldn't even hear a sound;  
So they talked and they talked  
til the moon grew dim;  
He said you better kiss me  
or get out and swim  
So whatcha going to do, in a little canoe,  
With the moon shining all around.

A boy and a girl, in a little canoe;  
With the moon shining all around.  
They paddled and they paddled  
for miles and miles  
Couldn't even hear a sound;  
So they talked and they talked til  
the moon grew dim;  
He said you better kiss me  
or get out and swim;  
So whatcha gonna to do, in a little canoe,  
with the moon shining all a  
Girl paddling all a, boy swimming all around;

**SMART GIRL!**

## Make New Friends

Make new friends, but keep the old.  
One is silver, and the other's gold.  
A circle is round; it has no end.  
That's how long I want to be your friend.

## Taps

Day is done, gone the sun.  
From the lake, from the hills, from the sky;  
All is well, safely rest, God is nigh.
