## **‘SCIENCE SHENANIGANS’ DAY SET FOR AUGUST 1 AT CAMP McMILLEN PHOTO/INTERVIEW OPPORTUNITY**

### **EDITORS:**

Please join us 2:30-3:45 p.m. Wednesday, August 1, for “Science Shenanigans” at Camp Agnes S. McMillen in northern Allen County (directions attached). Girl Scouts of Northern Indiana-Michiana developed special STEM programming for girls while they have fun at day camp. Last week GSNI-M revealed 30 new badges for girls ages 5-18 that focus on environmental advocacy, robotics and other pressing social needs. Media should come first to the Gathering Center, the large building you see when you enter camp. Activities include:

- Girl Scout Daisies will take a nature hike around camp.
- Girl Scout Brownies (Group A) will learn about engineering, gravity and force by building and testing a Leap Bot.
- Girl Scout Brownies (Group B) will take notes about snails and learn about collecting and analyzing data.
- Girl Scout Juniors will take field notes about animal tracks and learn about collecting and analyzing data over time.

To learn more, visit [www.girlscouts.org](http://www.girlscouts.org).

#### ***About Girl Scouts® and Girl Scouts of Northern Indiana-Michiana***

Today, as when founded in 1912, Girl Scouts® helps cultivate values, social conscience and self-esteem in young girls, enabling them to succeed as leaders today and tomorrow. Girl Scouts of Northern Indiana-Michiana provides leadership experiences for more than 6,000 girls ages 5-17. They are guided by more than 3,000 adult volunteers who mentor them and work behind-the-scenes to support Girl Scouts and our mission of building girls of courage, confidence, and character, who make the world a better place.
