What if I am a volunteer and a caregiver?

- App Updates | The Digital Cookie app must be updated or deleted and reinstalled annually.
- Registration
  - Site lead registration begins after caregivers gain access.
  - Volunteers who are also caregivers will need to log in later to watch the safety video with their Girl Scout and accept the terms.
- Role Toggling | Volunteers can easily toggle between roles in the Digital Cookie platform.

Additional digital cookie Features

Enhancements

- Cash Payments- there is now a cash option to log your cash payments at booths. (You don't have to log cash payments, but it is a good way to not use a tally sheet.)
- Girl Delivery- in addition to the email notification, you can set up app notifications for order approvals.
- Booth Sales Summary Report- shows payments and types, and cookies sold.
- New Cheers- New pictures of cheers that can be sent to girls.

Cookie Badges

Girl Scouts have the option to complete badge requirements at home and log their progress in Digital Cookie. Volunteers can then track these completed requirements by downloading the "Cookie Badges" report.

Inventory & Sales Tracking

Inventory entered in Digital Cookie reflects caregiver data only and serves as the online storefront inventory. Volunteers are responsible for tracking the total cookie sales in Smart Cookies.
