We are deeply committed to ensuring they have the support and resources needed to maintain the highest standard of care and programming. Your choice to entrust your camper to us is an honor, and we are committed to upholding the values of hard work, accountability, and a positive attitude across our entire team to ensure a safe, meaningful, and empowering experience for everyone.

Our team has planned an amazing slate of exciting activities and challenges, all designed to bring out the best in every child while making sure they have a blast. We can't wait to see their creativity, energy, and smiles light up the camp. Here's to an incredible summer ahead, filled with growth, joy, and unforgettable moments for your child.

Calling All Older Girls!

The change in Girl Scout Leadership Awards have also allowed us to make some changes to our camp leadership programs.

Award	Description	Training
Program Aid (PA)	For girls in 6-8 grade, grow your leadership skills by planning and leading multiple activities—including a full meeting—for younger Girl Scouts. You'll practice being a role model and engaging different age groups along the way.	Training can take place with GSNI-M Council programming, on your own, or with your troop.
Counselor-In-Training (CIT)	For girls in 9 & 10 grade, team up with other teens to learn how to connect with campers, shadow and support camp staff, and take the lead on songs, games, and group activities. You'll build real leadership skills, make a lasting impact, and become the role model younger campers look up to—all while having a blast at camp.	Training takes place at camp to maximize learning by doing and put newly learned practices in action with immediate feedback provided by staff.
Wrangler-In-Training (WIT)	For girls in 9 & 10 grade who love horses, becoming a WIT allows you to learn about taking care of horses while also learning how to support young girls at the barn. You'll learn about horse behavior, care and maintenance, and basics for instruction. Become a role model in the barn and spend your summer with your favorite horse.	
CIT II & WIT II	For Ambassadors, take your leadership to the next level by planning and leading fun, meaningful activities, including a hands-on service project, for younger campers. You'll also get to support camp staff by helping to manage schedules, keep groups on track, and handle real-life challenges like conflict resolution. You'll grow your skills, make a difference, and keep being the role model others look up to.	

Ultimate Challenge:

Financial Assistance

We believe in the benefits of a camp experience are beneficial to all Girl Scouts and the financial burden of accessing those benefits should not keep someone from experiencing joy and creating memories. If you need additional assistance to help pay for camp, please consider applying for financial assistance. Funds are available for families to cover the cost of camp. Eligibility will be based on need, and assistance will be applied for one camp per girl. Financial Assistance application can be found on our website or send an email to frontdesk@gsnim.org.

Camp Experience

When girls attend Girl Scout Camp they discover that they can better solve problems and overcome challenges. They develop leadership skills, build better social bonds, and are happier overall. Pair that with all the fun, camp is a great way to build girls of courage, confidence, and character who make the world a better place!

Camp Living

Campers are placed in groups of 5 to 30 with 2 to 5 trained staff members per group in compliance with GSUSA Safety Activity Checkpoints. At weekend and overnight camp, campers stay in cabins or platform tents with one camper per cot/bed. The program, number of campers, and camper's age determine the living arrangements. Each unit has a shelter for rainy day activities, bathroom facilities, and storage.

Camp Mail

Help your camper stay connected by leaving mail during check-in to be delivered to your camper throughout their stay or make use of one of our new features, CampGrams through CampDocs. Additional information about camp mail and CampGrams will be sent to all caregivers registered for Camp Logan overnight camps.

Camp Staff

All camp staff are at least 18 years old, have undergone a criminal background check, and completed CPR training. All staff attended pre-camp training where they learn or review camping skills, risk management, Girl Scout programming, human development, and communication skills. Many staff members return each year and travel from all over the world to join us at camp.

Health & Wellness

The well-being of your camper is our top priority. All our summer camp staff have had mental well-being, CPR & AED, and first aid training. A Health and Wellness Manager is onsite any time campers are present, and they dispense medications, check-in with campers regularly, and address any concerns. For our team to provide the best care, we recommend being thorough when completing our health forms. We best support your camper when we have the knowledge to do so.

Technology Free

GSNI-M camps will continue our tradition of having a No Cell Phones policy for campers. We strongly believe that it is important for campers to disconnect and experience camp without any additional distractions. Please see our full policy on our website, gsnim.org.

Inclement Weather

Our staff actively monitor weather conditions and are well-trained in emergency protocols to ensure a safe environment for all campers. While a rainy day might lead to adjusted activities, in the event of severe weather, campers may be relocated to a secure area for their safety. Should a weather emergency arise, our camp leadership will promptly notify caregivers with updates on the situation and the precautions being taken. You can feel confident knowing that we are prepared and committed to your camper's well-being, rain or shine.
